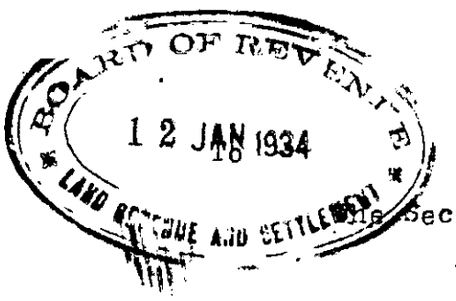
Ref.C.No.A6-149-34. South Kanara Collector's Office,
Mangalore, 7th January 1934.

From

E. M. Gawne, Esquire, I.C.S.
Collector of South Kanara.



To

The Secretary to the Board,
Land Revenue and Settlement,
Madras.

Sir,

Assignment - Land - Udipi Taluk - Mudanidambur village - S.Nos.151/2 and 152 - 13.80 acres - Clearing of roadways - Expenditure - Sanction requested.

******

Ref 3-4 g (J) I invite a reference to paragraph 7 of my letter Ref.C. No.3431-33-A6, dated 18th August 1933 and paragraphs 2 and 3 of Board's Proceedings Misc.No.2504, Land Revenue and Settlement, dated 9th September 1933. The extent of 10.80 acres mentioned therein has been parcelled out into convenient subdivisions. A copy of the lay out approved by the Town Planning Officer, Madras is herewith enclosed. There are two cross roads in the middle of the block denoted as AAA and BBB 33' and 40' wide respectively. A third road CCC, 33' wide branches off on either side from the road BBB parallel to the road AAA. Before sending the lay out to the Town Planning Officer, I have inspected the place. The land is covered with bushes which being cut yearly for leaf ---- manure have developed big roots. I consider it very essential that before the plots are sold the roadways should be formed by digging out all stumps and by digging side drains. In this way the lay out will become clear and people will be able to bid with greater confidence. This is sure to increase the bids that will be made at the sale. Further, if the side drains are formed,

(J)

purchasers will not be able to dig earth out of the roadways for making their compound walls.

2. The cost of forming these roadways is estimated at Rs.225 according to the Local Fund schedule rates. I request sanction to incur this expenditure.

Your obedient servant,

Bandharwadd
